

PADI Training Courses by KeriDive

KeriDive offer a range of PADI Training Courses, starting with the first underwater experience of *Discover Scuba Diving* to becoming certified as an *Open Water Diver* and continuing through with courses such as *Advanced Open Water*, *Emergency First Response* and a whole host of *Specialty Courses*.

Always wanted to dive but don't have certification, experience our 'try dive' with the Discover Scuba Diving Course. We're sure this will whet your appetite & you'll be hooked!

Discover Scuba Diving - \$275 including full gear

This course offers an introduction to scuba diving in a highly supervised but relaxed environment. Through guidance from your PADI instructor you will learn basic safety concepts and skills and will swim underwater in a closely supervised environment.

Scuba Review - \$275 including full gear (\$200 own gear)

This is a great way for certified divers to update their diving knowledge and scuba skills after a period of inactivity.

Open Water Diver - \$650 including full gear

The PADI Open Water Diver course is the world's most popular scuba course. The course consists of three main phases, Knowledge Development, Confined Water Dives and Open Water Dives. We are lucky enough to have great dive sites for this course which enable us to offer these to you off the boat.

Advanced Open Water Diver - \$600 including full gear

Despite being called 'advanced' you don't have to be 'advanced' to take this course, it is designed to be taken straight after your Open Water Diver course – so what are you waiting for?! During this course you will increase your confidence and build your scuba skills and is a great way to get more dive under your belt while you learn under supervision from your PADI instructor.

Emergency First Response (Basic First Aid) - \$175

First Aid and CPR are good skills for anyone involved in adventure sports to have and here you will gain skills and confidence to be able to help in an emergency.

Emergency Oxygen Provider - \$250

The PADI Emergency Oxygen Provider course provides simple and direct layperson level training for anyone, even non divers, who may need to provide emergency oxygen to an ill or injured person either on a dive boat or in the workplace.

Rescue Diver - \$650

Building upon what you're already learned, this course expands on what you already know about how to prevent problems and how to manage them if they occur. This course is both challenging and rewarding!

Divemaster – Call us to discuss the best option for you

Welcome to the first step of your Professional diving career! We can provide this course on an intensive basis which includes a minimum of 8 days depending upon your ability. Talk to us now for more details.

Divemaster Internship – Call us to discuss the best option for you

This is the most thorough way to step into the PADI professional role and will ensure you not only learn what is required to pass the exams but more importantly all aspects of being involved in the diving industry. We give you the opportunity to regularly dive from our boats, deal direct with customers whilst understanding the philosophy and mindset of the dive professional and we'll also make sure it's fun!

Specialty Courses

We are very pleased to be able to offer you a large number and wide variety of PADI Speciality courses including:
